COLD WAR

1947-1991

The following Black Hills military members died in service to their country during the 50 year Cold War. Since formal combat was never declared, the following criterion for fallen BH Cold War military was been established by the Black Hills War Monument Association: 1) The service member was born or lived in the Black Hills prior to military service; and/or, 2) the service member was on active duty service at Rapid City Air Base/Ellsworth Air Force Base at the time of his/her death; 3) their death occurred as official line of duty casualty, in uniform, on a Cold War training/exercise mission; 4) their chosen final burial location is at the Black Hills National Cemetery.
